

IN THE DRAWINGS

The attached sheets of drawings include changes to Figs. 5 and 6E. These sheets, which include Figs. 5 and 6E, replace the original sheets including Figs. 5 and 6E.

Attachment: Replacement Sheets

REMARKS/ARGUMENTS

Favorable consideration of this application, as presently amended, is respectfully requested.

With the present preliminary amendment substitute sheets including Figures 5 and 6E are submitted. Substitute Figure 5 no longer recites the term "Jitter Value", but instead now recites the term "Modulation Degree". Further, substitute Figure 6E no longer refers to element "93", but instead now refers to element "95". The changes made in the substitute Figures 5 and 6E are believed to be self-evident from the original disclosure, and thus are not deemed to raise any issues of new matter.

The present application is believed to be in condition for a full and thorough examination on the merits. An early and favorable consideration of the present application is hereby respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
